SAFETY CLEARANCE*

A (mm)	500	500
B (mm)	1000	1000

LS - through the wall

* - Combustible materials

- A high-quality firebox ensures the long service-life of the heater.
- Flame cutters are made from special heat-resistant steel.
- The firebox extension also allows the stove to be heated from another room.
- Additionally, we offer a heat exchanger that can be used for heating water. Connections are of 1/2" male thread. The heat exchanger can be installed behind the firebox or on its sides.
